About Vedant Infratech

Vedant Infratech was established in the year 2023 in Ahmedabad, Gujarat, India. We are a manufacturer and supplier of foundation bolts, stainless steel U bolts and a lot more.

We have a team of young visionaries who endeavour for excellence in every aspect related to metals. We strongly believe in our core values and are always in pursuit of success along the lines of ethical business practices.

Keeping in mind its customer-centric approach, timely delivery and quality products, the Company has grown in size and product range. Over the decades Vedant Infratech has provided immense support to this industry in India and has built various congenial customer relations.

Now with the new generation of entrepreneurs joining the company, the company aims at expanding on a global scale with the domestic supply and export of Stainless Steel and Nickel Alloys Round Bar, Sheet, Plate and Coil.

We aim to provide customers with Stainless Steel, Nickel alloy sheets, and Plate and Coil under one roof. We Supply the best quality materials from our end to meet the requirements of our customers.

Our unique selling proposition is that alongside the standard sizes available, we even provide clients with the best Customized solutions to cater exactly to their needs. We provide customized products to the customers based on drawing and sampling to exactly fit a customers need.

Our Vision

To be recognized as a benchmark in the Domestic and Export segment of Stainless Steel and Nickel alloy sheet, Plate and Coil. The name Vedant Infratech should continue to remain synonymous with excellence and integrity.
