About Venson Concrete Products

Venson Concrete Products is a well-experienced and renowned manufacturer and supplier of LED lights in Jammu & Kashmir. Established in the year 2011, we are manufacturing different types of LED Floodlights. We are using quality raw materials for manufacturing LED lights for streets, homes, and other commercial areas.

Under the salesmanship of Mr. Amandeep Sharma, we are getting huge orders from various customers. We are offering our products to various government departments that are placed on different streets.

Quality Assurance

We are dealing with different types of watts and types of lights like 50w LED flood lights, 30-watt, 60-watt, 100w, and 50w lens model-led flood lights, etc. Our products are white, expandable, compact, and high-intensity. Our products are available in different types of decorative packages.

Our products are eco-friendly, energy-saving, and have a long lifetime. Our products are easy to install and have high luminous efficacy. Our products are eco-friendly and help in reducing power bills. Our products are strictly verified on various parameters before delivering them to the customers.

Our USP

We are known for offering excellent products to customers at affordable rates. Our products provide correct lighting and are well-directed. Our products are widely used in streets, corridors, and at various events. We are using prevailing technology for manufacturing these products which are widely demanded in the marketplace. Our products are lightweight in design, have excellent performance, and have low power consumption.
