Box Type Kadukas Bhuka Machine

About Veraí Industries

Founded in 2017 in Rajkot, Gujarat, India, Veraí Industries are reliable manufacturers and suppliers of dry fruit chips and powder machines, oil-making machines, wet dal machines, gravy machines and a lot more. Our offered products find huge application in assorted industrial sectors. Developed by talented technicians & engineers, our products cater for the needs of various industries. For testing the quality of offered products, we have established an inbuilt inspection department.

These products are made from the best quality raw material & ultra-modern technology in complete compliance with the set industrial norms. We are offering our products under the brand name Veraí Industries.

Our Infrastructure

We are supported by a sound & sophisticated infrastructure unit that aids us in appropriately executing all our tasks. It has been constructed following the set architectural designs and is well-equipped with technologically advanced tools & machines.

This infrastructure facility is maintained by a team of talented workmen, who ensure that the bulk and urgent demands of the patrons are met within a committed period. To carry out all the activities in a smooth & streamlined way, our infrastructure facility has been divided into assorted sub-units such as manufacturing facility, warehousing & packaging section, etc.

Our Team

We are supported by a team of competent personnel, which supports us in the achievement of all the tasks. Our team comprises young & dynamic personnel, who are highly talented in this sphere and possess vast knowledge and skills.

To accomplish this grand ambition, we have invested heavily in research & development to come forth with new & innovative products. Furthermore, these personnel are highly experienced & hold huge expertise in their respective sphere.
