About Winimech Technologies Pvt Ltd

We help to engineer your ideas and realize them into manufacturable products. Our cross functional teams enables us to simplify most complex engineering challenges and turn your vision into reality. Winimech technologies is one of the best product design & development organization located in Bangalore, which can be built and manufactured In different shapes and sizes according to customer requirement. We present our global services to different verticals like automotive, aerospace, energy, heavy engineering, healthcare etc. With products like BIW checking fixtures (Sheet Metal & Plastic Trims), welding fixtures (Manual and Robot welding lines), SPMS and gauges. Feasibility / Study / Analysis / Styling & Packaging / Engineering design calculations / Regulatory & performance checks / Tooling & Manufacturing feasibility / Product Engineering / Master Sections / Mounting & Locating strategy / 3D data & 2D drawing creation / Product Development (Support) / Proto & Part development / Supplier interaction / Jigs & fixtures Gauges. Gauges and fixtures are commonly used in the automotive industry and are produced using advanced manufacturing technologies and components tested for consistency. These gauges and fixtures are provided in a range of configurations according to our clients' unique requirements and made available at industry-leading prices. Concept solutions & Design support / 3D Solid & Surface Modelling / Advanced surfacing A – Class Surface generation / Top-down & Bottom-up assembly modelling & design / CAR Body – BIW / CIW / Interior and Exterior - Plastics / FEA (Meshing & Analysis) / Re- Engineering / Value Engineering /Design optimization / Technical Documentation

Factsheet

Basic Information

Nature of Business : Manufacturer / Exporter / Supplier / Service Provider / Importer

Contact Person : Miss. Rohini krishnan

Registered Address : No.8 Vishwaneedam Post Opp Om Shakti Temple 5th Cross Road
Heganahalli, Bangalore, Karnataka

Total Number of Employees : Below 20

Year of Establishment : 2022

Legal Status of Firm : Corporation/Limited Liability Company

Welding Machine Parts

Spot Welding Fixture

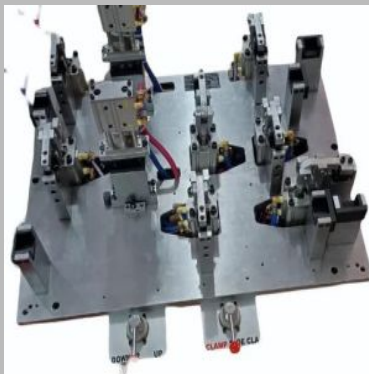

SPM Welding Fixture

Robotic Welding Cell

Robot Welding Cell

Manual Welding Fixture

Automotive Body
Welding Fixture

Workholding Fixtures

Steel Automotive
Gauges Fixture

Cushion Seat Checking
Fixture

Hydraulic Clamping
Fixture

Automotive Checking
Fixture

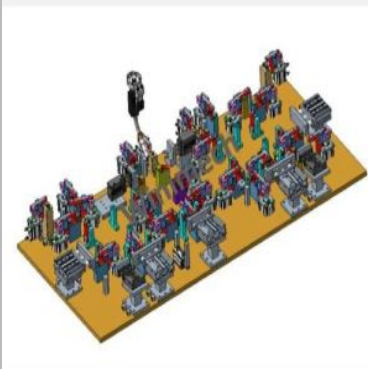

Aluminium Holding
Fixture

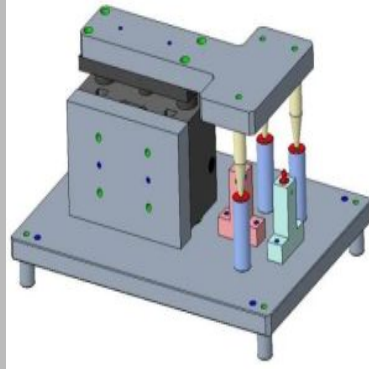

Airbag Deflector
Checking Fixture

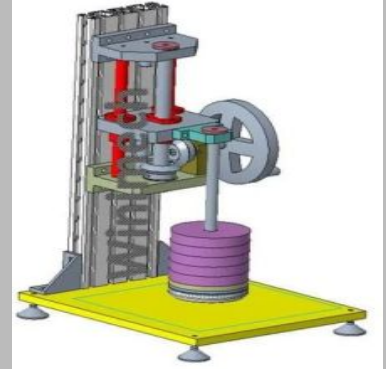

Architectural Modeling, CAD, CAM Design & Drawing Services

**Welding Fixtures
